# Sage Leary: a debut album at age 14

by [Mike Seitz](#)

Thursday Oct. 16th, 2014

How many people can say they released a debut album at the age of 14? For the young and very talented Sage Leary, this is something he recently accomplished with the release of his first album, *Feel the Sound*. This instrumental album has nine tracks and mixes rock, blues, and funk to create a groovy collection of lively, yet soothing music brought to life with his guitar. Sage has been playing since he

was a kid, and loves being able to take the sounds and melodies in his head and share them with the world. When he plays, Sage wants people to feel a connection with the things they enjoy, and he does this by filling his music with positive energy. Ultimately, he wants to make the world a better place, so check out [Feel the Sound](#), which is now available, or visit [sageleary.com](#).
